LOWER TRENT TRAIL COMMUNITY TREE PLANTING PROJECT

Quinte West, Ontario – A Community Tree Planting project is scheduled for Saturday, April 30 and Sunday, May 1, 2011 on the Lower Trent Trail.

The project involving community volunteers is looking to plant 2,500 two year old seedlings of hardwood and softwood trees and shrubs on the section of the Lower Trent Trail disturbed by the recent Water Main Installation from Frankford to Batawa.

“The project is an extension of our on-going habitat restoration activity on the trail”, said Bill Gray, Chair of the Friends of the Trail Inc.

Volunteers wanting to help with the planting project should gather in the Parking Lot at the Water Transfer Station adjacent to the Lower Trent Trail on Perry Road in Quinte West.

Work clothes, gloves and a shovel are required.
